Discussed discontinuing the flyers through the schools. Sandra has a commitment from PTO Presidents that they'll post on their Facebook pages. It was decided that the flyers will only be handed out selectively to Head Start and area preschools, Go 4th, etc. where we know they will get to the kids.

Only a couple of issues with parents wanting to change teams due to practice location/schedule. Jak let them know that they needed to work with the coach.

No report from Bob McIntyre regarding the micro-ref program but it does seem to be going well. Discussed how to provide some mentoring to the micro-refs during a game. Some of the new rules haven't been communicated well the refs.

CKC meeting is tomorrow night. Reviewed the sponsor information. Ordered new flags just for the tournament.

Looking at doing some fertilizing on field 7 because so many weeds are already coming up.

Fields are in rough shape but it's finally drying out so work can be done now.

Need to check for a leak around the water fountain due to so much standing water.

Will be set up for any evening that there are 3 or more games scheduled. Sales are down quite a bit. Requested that we solicit feedback from families. Christie is going to put together a Survey

Monkey for it. The golf cart helped with sales but it hasn't run consistently so Jim is going to take a look at it.
